

Asian American Health Initiative

Together To Build A Healthy Community

Sanjana Quasem, MPH, Program Manager II
Montgomery County DHHS

CACHS | January 18, 2022

AAHI Core Work Areas

Community Engagement

Conduct outreach to engage

Community Empowerment

Provide technical assistance to empower

Capacity Building

Create models and tools to demonstrate promising practices

Change Catalyst

Influence changes to improve systems

What can AAHI do for you?

- Refer and connect you with needed health, social service, and mental health services
- Connect you with culturally competent mental health providers
- Train community members on finding and eligibility for county services (PREP Workshop)
- Mental Health First Aid Certification
- Request print copies of our health education materials

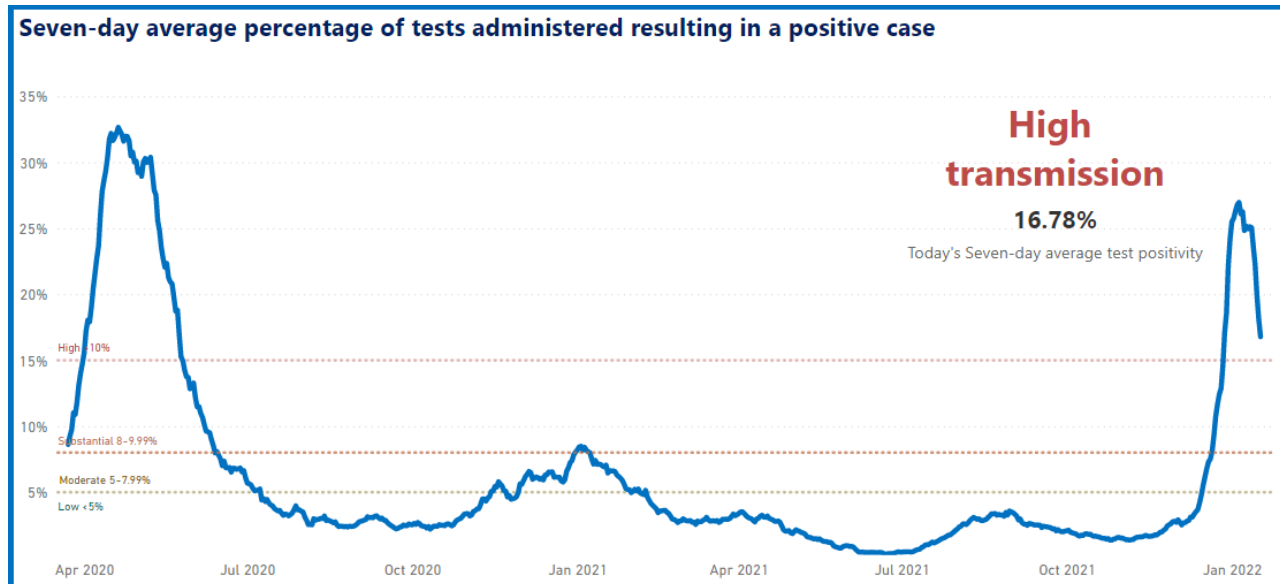

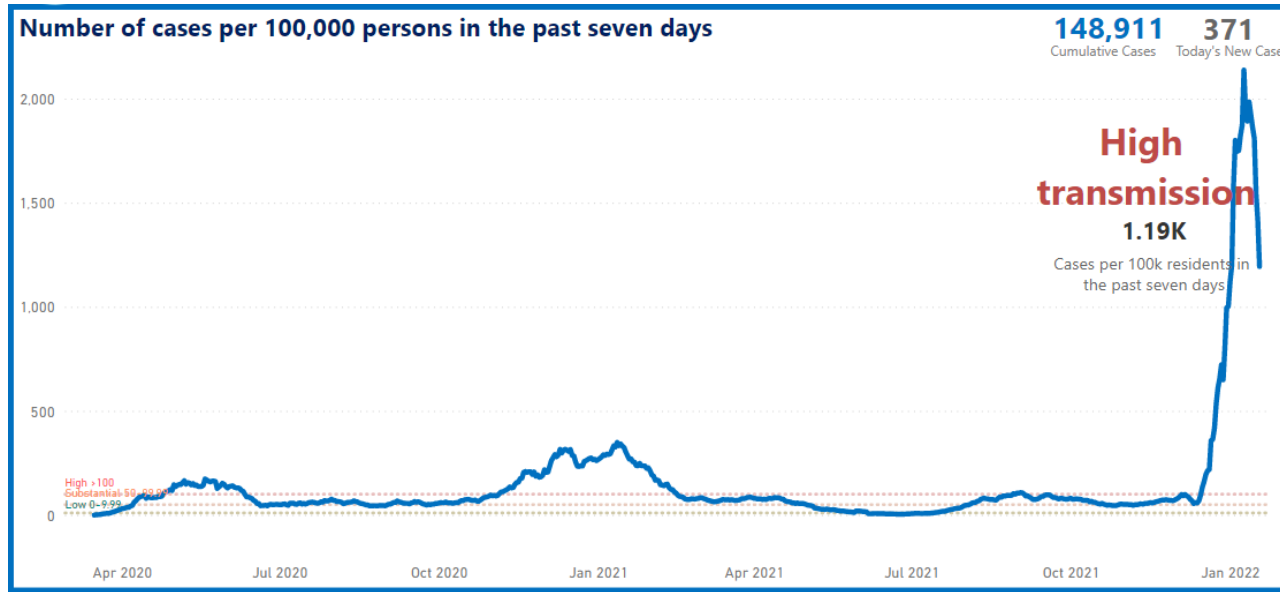

Latest COVID-19 Data Trends

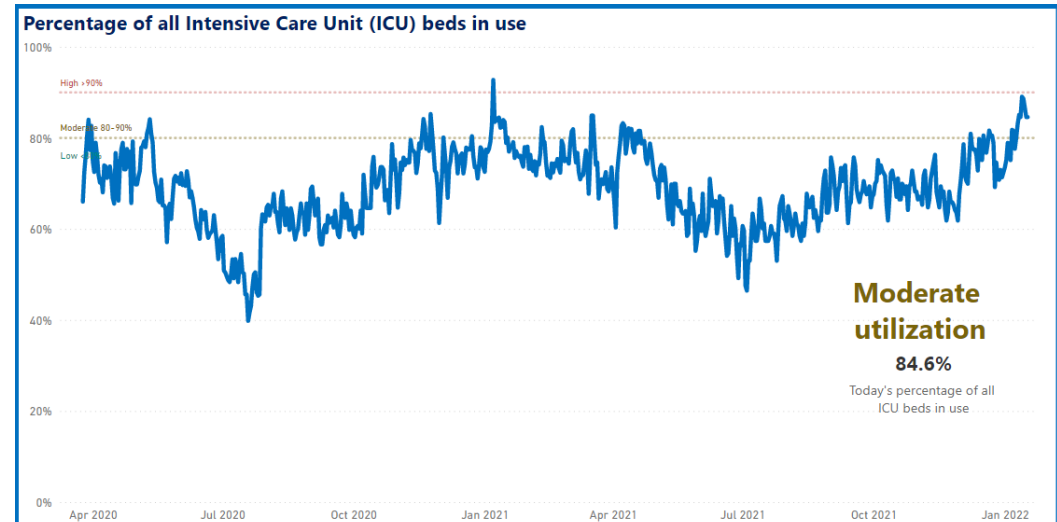

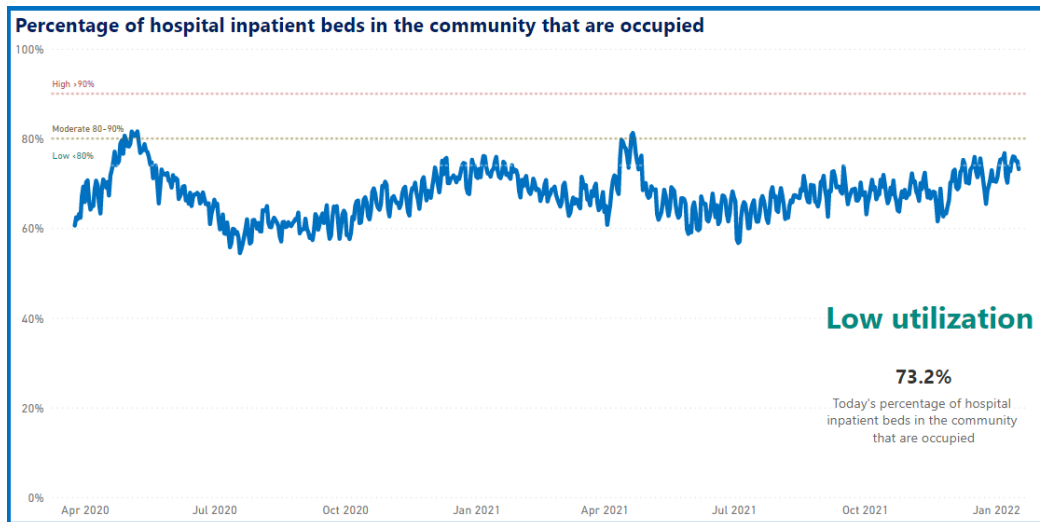

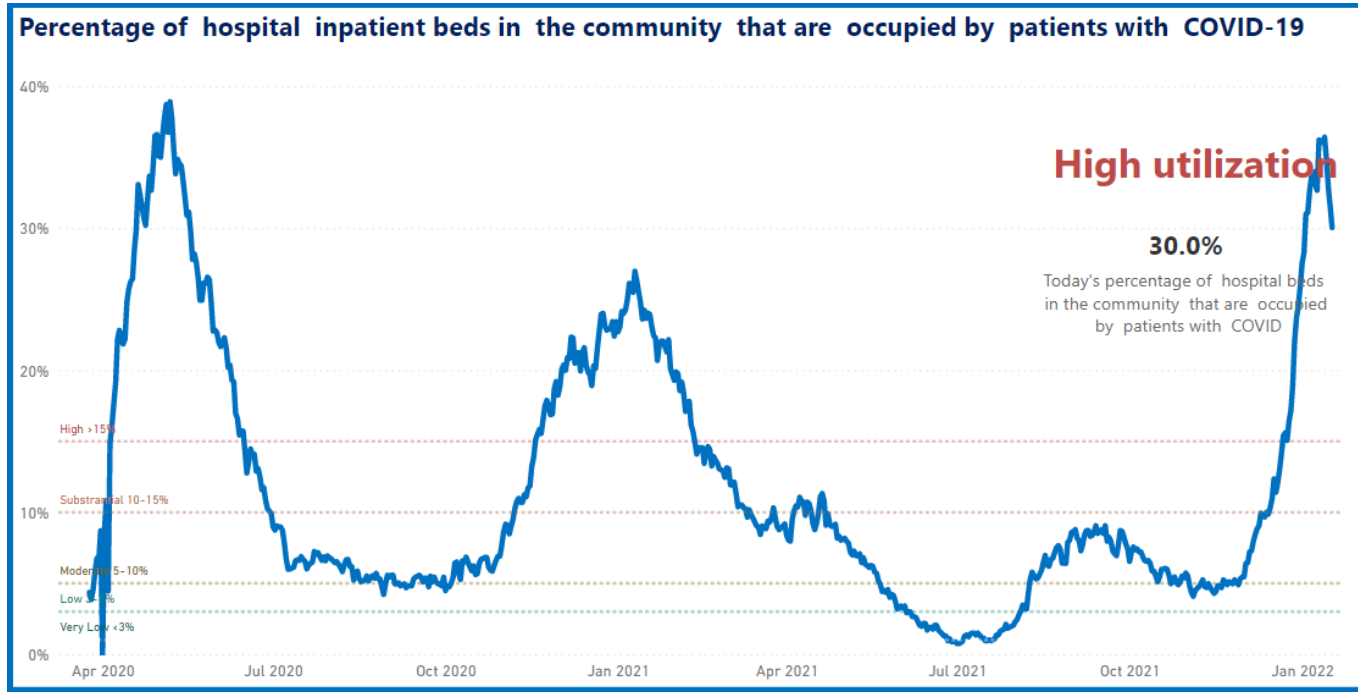

NOTE: The database that provides Montgomery County DHHS with detailed case data (including age, race/ethnicity, and vaccination status, is still not accessible due to the security incident at MDH.

Note: This presentation includes preliminary assessments based on rapidly changing conditions. Estimates are based on best available information on dates noted on each slide. DHHS is actively working to make this report ADA compliant.

COVID-19 Cases & Test Positivity Rates

COVID-19 Hospitalization Rates

COVID-19 Vaccinations: Totals from CDC

TOTAL VACCINATIONS (AS OF 1/11/22)

- **≥95%*** of total population received at least **ONE DOSE** [N=1,037,547]
- **84%** of total population received at least **TWO DOSES** (fully vaccinated) [N=883,123]
- **44%** of fully vaccinated population received a **BOOSTER/ADDITIONAL DOSE** [N=384,526]

* The CDC caps percentages at 95% to account for margins of error in data entry and population estimates.

VACCINATIONS BY AGE GROUP

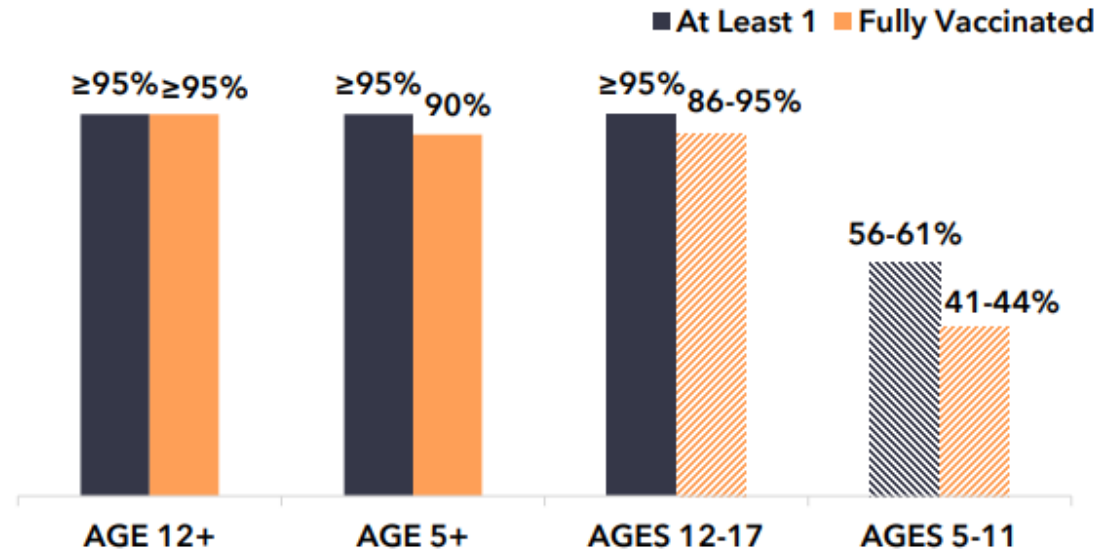

Chart reflects percent of total age group population that received doses. Percentage estimates are reflected as ranges for ages 12-17 and ages 5-11 due to higher margins of error.

- **49%** of the fully vaccinated 18+ population received a **BOOSTER/ADDITIONAL DOSE** [N=372,377]
- **69%** of the fully vaccinated 65+ population received a **BOOSTER/ADDITIONAL DOSE** [N=115,667]

COUNTY GOVERNMENT COORDINATED TESTING AND VACCINATIONS

DHHS-ADMINISTERED TESTING: 15,265 TESTS ADMINISTERED LAST WEEK

DHHS-ADMINISTERED VACCINATIONS: 8,514 DOSES ADMINISTERED LAST WEEK

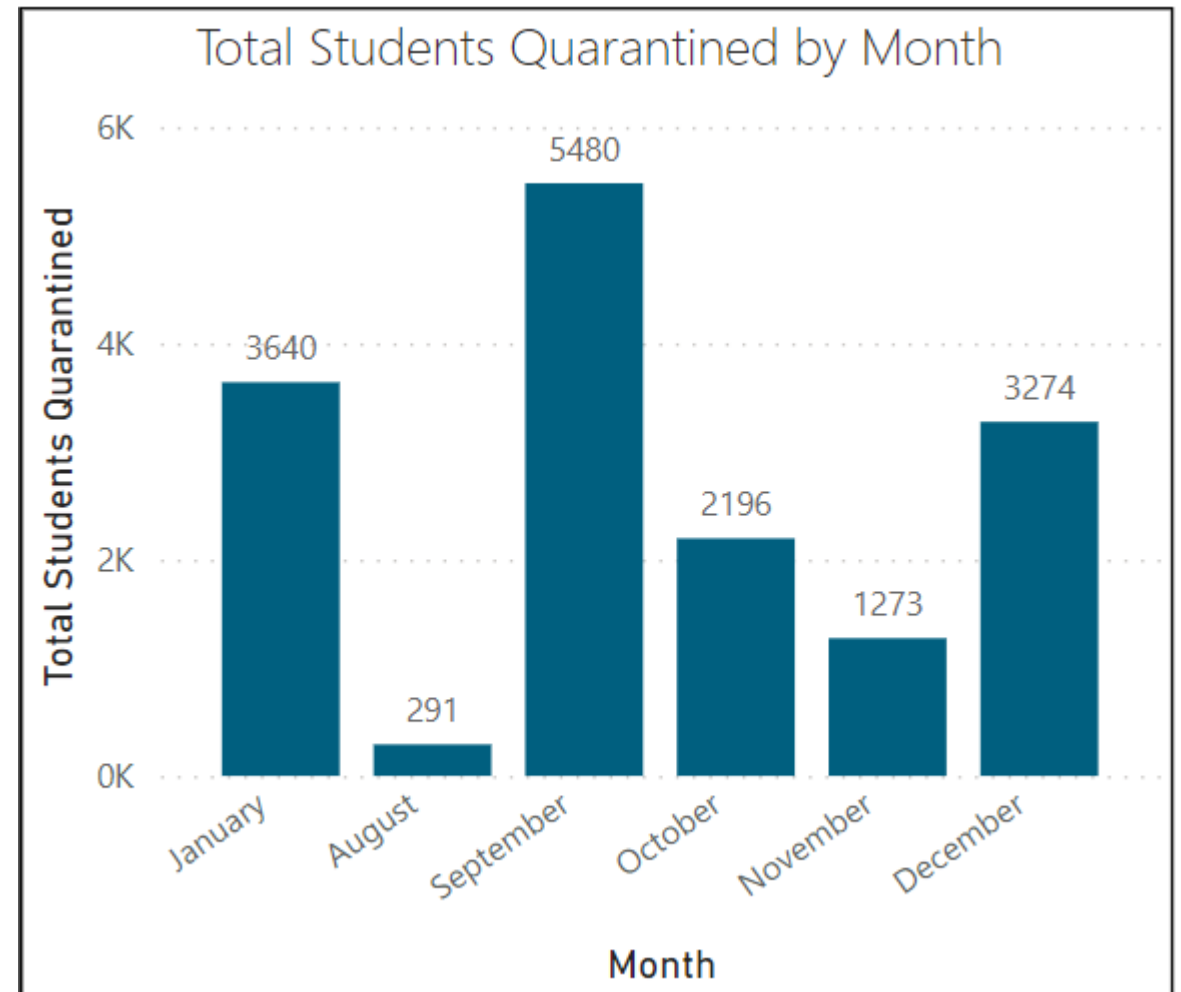

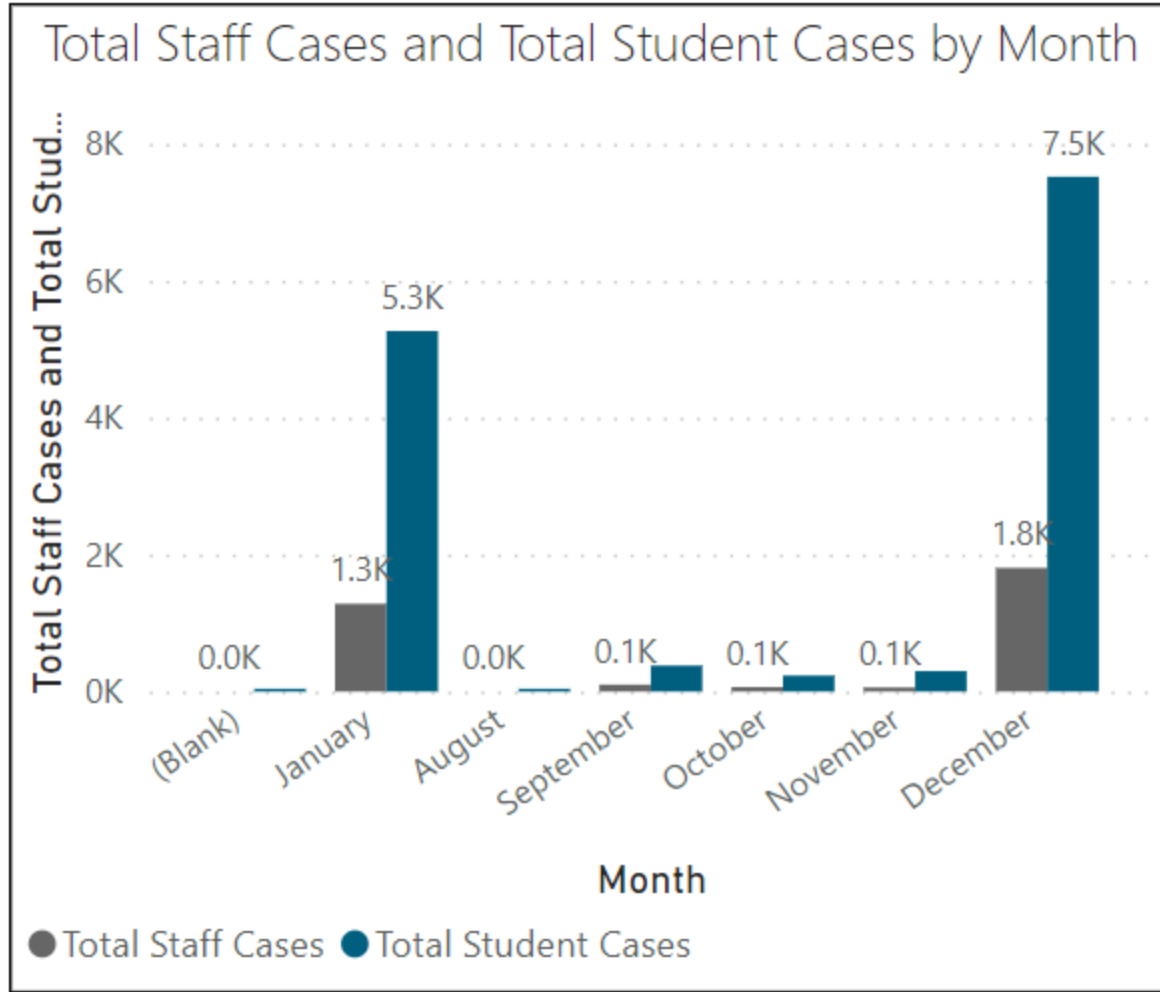

Data are subject to retroactive changes.
